

## Application Form 2026

### ◆ ADMISSION ENTRANCE POLICIES

Fields of Understanding does not have a minimum level of educational requirement for admission for the one-year trainings for project-oriented evolution. Students must have a mature degree of self-discipline in order to complete the self-directed study. Previous activities and accomplishments cannot be used toward the completion of the project-related courses. It is necessary that all students have an adequate command of the English language to participate. Monthly ebook texts are available in English or German, but all project and learning review consults as well as lessons taught by facilitator, Dr. Sue Gurnee, during Group Forum weeks are conducted in English without continuous use of translators or interpreters. Electronic translator devices are permissible.

### ◆ ADMISSION REQUIREMENTS

1. To apply for any of the Fields of Understanding programs, applicants are required to complete the Application Form and attach a Personal Statement of intention describing individual goals that can be accomplished in the project or learning area they choose.

Please email your application to [info@fieldsofunderstanding.com](mailto:info@fieldsofunderstanding.com).

Upon initial acceptance, Dr. Gurnee will conduct a qualitative interview and stamina exam. A non-refundable registration fee of \$400 is due by **January 11, 2026**. This fee covers application processing, administration and handling charges.

2. If admitted, each student is required to submit a waiver stating that he is responsible for all decisions and activities while studying at the school. This simple contract releases any burden of accountability on Fields of Understanding for choices made by students engaged in their studies. Please send signed waiver to [office@fieldsofunderstanding.com](mailto:office@fieldsofunderstanding.com) by **February 17, 2026**.

3. Checks can be made payable to “Fields of Understanding” — in US funds and sent to Fields of Understanding, PO Box 5, Todd, NC 28684, USA.

4. To receive payment information for international and domestic bank transfers, please send an email to [office@fieldsofunderstanding.com](mailto:office@fieldsofunderstanding.com).

Fields of Understanding admits students without regard to race, sex, age, sexuality, national origin, political or religious affiliations, or beliefs.

**Application deadline for the 2026 programs is January 11, 2026.  
Please send your application to [info@fieldsofunderstanding.com](mailto:info@fieldsofunderstanding.com)**

**The final roster will be completed by January 17, 2026.**

**Applicants will receive, by email,  
the notice of response to your application latest by January 18, 2026.**

Please complete each of the following sections and return the signed application form by email to [info@fieldsofunderstanding.com](mailto:info@fieldsofunderstanding.com). Thank you for enclosing a recent picture of yourself in your application email.

You will receive by **January 18, 2026** an email stating acceptance or rejection for the calendar year's study. If you have no email response by **January 25, 2026** neither in your inbox nor in your spam folder, please contact [office@fieldsofunderstanding.com](mailto:office@fieldsofunderstanding.com).

Those accepted will be asked to call Dr. Gurnee before **February 17, 2026** to settle on the scope of this year's self-designed curriculum (project or learning scope depending on the chosen program).

**The first of the monthly material will be sent on January 28, 2026.**

**Each student is requested to send in the following information in written form to Dr. Gurnee by February 17, 2026:**

- Detailed descriptions of each student's self-designed project topic (if applicable)
- Personal mission statements for the year
- Waiver stating that they are responsible for all decisions and activities while enrolled as a student in Fields of Understanding School of Principled Consciousness.

Students' email addresses will only be used for communications directly related to the yearly program at Fields of Understanding during the current year of study and will be saved at the office of Fields of Understanding for this purpose. The email distribution of the monthly modules as well as information letters to students will be sent out with open recipients lists.

**PLEASE NOTE**

Distance learning material is not to be shared with anyone, not even other students, because each student receives lectures in the manner appropriate for the development of his particular project. Due to the importance of this, any student found sharing Fields of Understanding material with others will be expelled and barred from future participation in activities related to the School.

I read and agree to the above described processes and regulations. If admitted, by **February 17, 2026**, I will submit a waiver stating that I am responsible for all decisions and activities while studying at the school. With this waiver, any burden of accountability on Fields of Understanding for my choices made during my enrolment at Fields of Understanding is released.
